

PMMC is proud of our Exceptional Woman!

Peggy Lane Neese

Peggy Lane Neese,
RN, OCN
*Sally Lee Lifetime
Achievement Award*

ywca
tri-county area

believes in giving of herself to help others in all ways of life; despite their personal ability to reciprocate her acts of kindness.

She promotes and creates peace where there is turmoil and unity where there is division. She believes in preserving dignity of all people. These qualities are the foundation of Pottstown Memorial Regional Cancer Center, once a small department staffed by Nurse Neese herself. This department has since grown into a College of Surgeons' Outstanding Achievement Award Winning Cancer Center under Peggy's leadership.

PMRCC upholds a reputation for personalized care and the utmost compassion for it's patients. Teamwork and acknowledgement of all team members is core to her values as Director.

*Congratulations
on your accomplishments.*

We are proud to work alongside you every day.
